ORGANIC GRASS FED BEEF

The Operation:

We are located on the beautiful Central Coast of California. On average, we run 200 head of cattle on 500 acres of certified organic permanent pasture year round. We offer whole, half, and quarter beefs for sale to the public. By putting down a deposit, customers can guarantee they will have their beef when it is ready for processing.

Our Mission:

Through holistic land management and livestock practices, we have created a sustainable operation that aims to be profitable for generations to come. Though the placement of a conservation easement on the ranch, we have protected this land into perpetuity from subdivision or development.

What we offer:

Purchasing grass fed beef in bulk is the best and cheapest way to enjoy all the goodness that a holistically managed cow can provide.

Bulk Purchase - Whole, Half or Quarter Beef

- ★ Quarter Beef includes 90lbs packaged meat | \$250
- ★ Half Beef includes 180lbs packaged meat | \$500
- ★ Whole Beef includes 360lbs packaged meat | \$1000

Deposit Only. Remainder due at delivery.

We will help you choose the processing options that work for you and your family. For More Information Visit: CaliforniaCattleCo.com.
